JATINDER BHADWAL | WEB DEVELOPER

Sunny Enclave, Mohali, Punjab | +91 9459801799 |
jitender.bhadwal@gmail.com

PROFESSIONAL SUMMARY

Highly skilled and adaptable Web Developer with a passion for designing and implementing innovative web solutions. Proficient in multiple programming languages and frameworks, with a strong foundation in web development methodologies. Adept at collaborating with cross-functional teams to analyze requirements, design architectures, and deliver high-quality, scalable applications. Committed to staying updated with emerging technologies and continuously improving coding practices to drive efficiency and deliver exceptional user experiences. Proven track record of successfully delivering complex projects and solving challenging technical problems.

CORE COMPETENCIES

- ✔ Programming Languages: Python, JavaScript, Java
- ✔ Web Development: HTML, CSS, JavaScript, Node.JS, ReactJS
- ✔ Database Management: MySQL, MongoDB
- ✔ Python Frameworks: Django, Flask
- ✔ Basic knowledge of Data Structures and Algorithms
- ✔ Machine Learning Algorithms, Deep Learning, Data Visualization
- ✔ Problem-Solving and Critical Thinking

PROFESSIONAL EXPERIENCE

HimSoft
Internship

- Assisted in the design and development of web pages and user interfaces using HTML, CSS, and JavaScript.
- Worked closely with senior developers to implement new features and optimize existing code for improved performance.
- Conducted cross-browser and cross-device testing to ensure consistent functionality and display across different platforms.
- Participated in team meetings and code reviews, providing valuable feedback to improve the quality of the codebase.
- Conducted research on the latest front-end development trends and best practices, and applied them to ongoing projects.

EDUCATION

Panjab University | Bachelor of Science
NON - Medical | 2015-2018

Chandigarh University | Master of Science
Data Science 2021-2023

EXTRA CURRICULAR ACTIVITIES

NCC (National Cadet Corps) Certification

During my academic journey, I actively participated in the National Cadet Corps (NCC) program, which significantly contributed to my personal and professional development. As an NCC cadet, I honed essential leadership, discipline, and teamwork skills while engaging in various training activities and community service projects.

- Demonstrated strong leadership qualities by leading a team of cadets during training exercises and field activities.
- Gained valuable insights into time management, organizational skills, and attention to detail through rigorous training schedules and tasks.
- Enhanced my ability to work collaboratively and effectively in diverse teams, fostering a sense of camaraderie and mutual support.
- Participated in social initiatives and community service projects, promoting a sense of responsibility and service to society.
- Developed a profound sense of discipline, determination, and dedication to achieving goals, both individually and as part of a team.

PROJECT

Email Validator

I built a web-based tool to validate email addresses entered by users. It leverages HTML, CSS, and JavaScript to create an interactive and user-friendly interface that can quickly determine the validity of an email address.

- User-Friendly Interface: The project features a clean and intuitive user interface built with HTML and styled with CSS to ensure a pleasant user experience.
- Email Input Field: Users can input email addresses into a designated input field.
- Validation Functionality: Upon entering an email address, the JavaScript code is triggered to validate the input. The validation checks include:
  - Checking for the presence of "@" symbol.
  - Verifying the presence of a domain name.
  - Ensuring a valid top-level domain (TLD).
  - Detecting common format errors (e.g., consecutive dots, spaces).
